COLONEL CHARLES S. ROLLER, JR.  
Virginia Military Institute 1898-1901  
Furman University 1901-1902-1907  
V. M. I. Football Coach 1907-1908  
A. M. A. 1905-1948

Colonel Charles S. Roller has been intimately associated with the Augusta Military Academy for over a half a century. In that period he has watched the growth of the school from a small beginning under his father, the late Professor Charles S. Roller, to the present large student body of over four-hundred cadets representing almost all of the forty-eight states and many foreign countries.

Colonel Roller and his brother, the late Col. T. J. Roller, were co-principals of the Academy until March, 1946 when Col. Tom Roller passed away. Since that time Col. C. S. Roller has conducted the affairs of the school and furthered the ideal of his father and his brother. The school has prospered under his "Magic Wand" and many improvements have taken place since he took complete charge of the Academy on that day in 1946.

## *Tactical Department*

Augusta may well be proud of her tactical department for the past year, as they have been not only a military department, in the strict sense of the word, but also a definite asset to the social activities of the corps.

This department has as its head Colonel R. H. Carrity, who has been the one responsible for the entire program of military teachings. He has, along with all his work in the office and classrooms, been of invaluable work in the practical problems. We might add that he is always present at any athletic contest or social event of the school.

The first assistant in the department is Major Robert T. Dunn. While he has been of the utmost help in the administration and classroom work, we of the corps have found his greatest help in the training of the cadets on the drill field. He is the one who has developed the corps into the great drill unit team it is.

Although Captain Searl left before Christmas his work in the initial shaping of the corps was more than enough to warrant his mention.

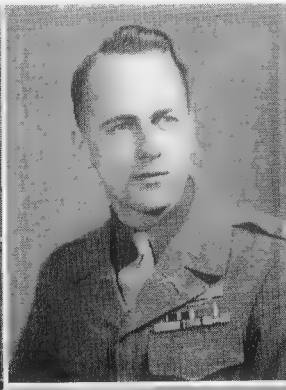

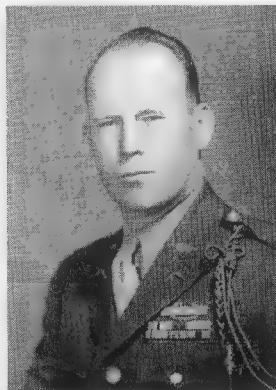

The rest of the department is made up of four sergeants who assist in any way they can the so called senior members of the staff. Without them the top men could not direct the corps.

Ad Astra Per Aspera

It is a difficult task that a cadet accepts, when he is appointed Battalion Commander, and Paul Bratton knew it and was determined to accomplish that task. This he has done in a way that is almost remarkable.

But before we look at what he has done let us take a look at Paul himself. He is a boy of the highest ideals and manly conduct. Paul is not one of these "I love me" fellows but one that is always ready to give another cadet a helping hand in anything he can. Paul has constantly worked for the betterment of the school and has put himself out time and time again to help keep things running more smoothly.

But now what about Paul as a military leader. For the past two years before he became Battalion commander he was on the staff and many wondered whether or not he could control a Corps. But as we told you Cadet Bratton is one to go all out to accomplish a task and that is exactly what he did. As a result he has made the finest First Captain this school has ever seen or will see for quite some time. Paul has set himself up as an example and has shown to the corps what it takes to be a good Military leader, both on the drill field and in barracks. Speaking of the discipline in barracks, it is a well known fact that this years corps is better behaved in the realms of the quadrangle than any other corps in the history of the school and this is directly due to the fine work of the First Captain.

## **WILLARD BROWN**

Bill has been with us five years and in this period of time risen to the heights of adjutant. He is also an excellent horseman and can be frequently seen charging across the hills behind barracks. The men on the staff, under him, have been made a smooth military organization.

## **CHARLES FOWLER**

Charley is another one of the "Buzz Boys." His devotions to his duties in the armory have added many points for Augusta during Government Inspection. Without his able assistant the Staff would not be what it is today.

## **WILLIAM HARRIS**

Bill as Captain of "B" Company has done wonders and when the honors are given out this finals, you can be sure that "B" will not be on the short end. Bill is an outstanding football player and student and during his four years at Augusta he has gained the love and respect of all.

## **JOHN LARUS**

John is one of the rare individuals who always has the interest of school at heart. As president of the Student Body and Honor Committee he has furthered the high ideals of Augusta. To "Big John" we say well done and the best of everything.

## **WILLIAM SANDERS**

Bill, handsome and intelligent are the earmarks of this outstanding Cadet. He is both a student and an athlete, a company commander and a true friend to all. "D" Company has developed splendidly during the year under his able leadership. Success in all things, Bill.

## **WILLIAM ALDRICH**

With one of the hardest jobs in the Battalion, Bill has come thru in fine style. His understanding and patience has won him the respect of all that serve under him. Ever present in all school functions, we will remember him well.

## **FRANCIS GOFFIGAN**

This year "Cookie" has worked with the Band until he has built one of the finest musical organizations in this section. He has had a difficult job, and has done it well. In his quiet, assuring way he has brought many honors to him, and Augusta. Best of luck in everything, Cookie.

## **HAROLD WALTERS**

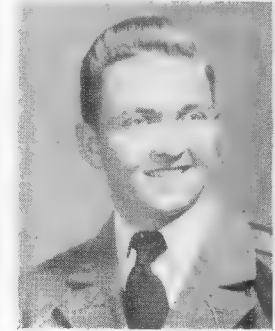

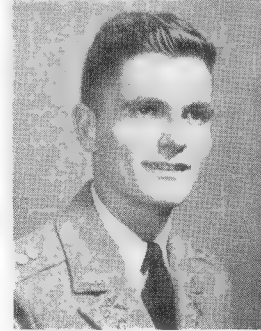

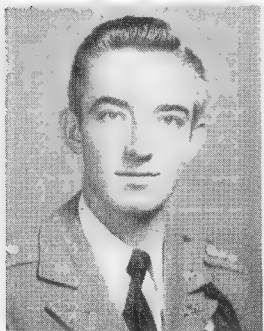

Hal, the efficient and hardworking captain of the Headquarters Company, has done a job that will stand as a model of perfection for many years. He has won the respect and confidence of his own company as well as that of the entire corps.

### **WASHINGTON-LEE 7 AUGUSTA 6**

Opening the season away from home against college competition the Blue took it on the chin 7-6 from the W & L J. V.'s. The Augustans scored early in the second quarter on a pass from Hushebeck to Grove, to lead 6-0 at half time. W & L came back in the second half however to push over a touchdown and convert the extra point to win 7-6. It was a good game with the entire team playing well but special mention belongs to Johns and Hushebeck in the backfield and Harris and Jordan in the line.

### **GEORGETOWN 13 AUGUSTA 0**

The second game of the season saw the big Blue run up against one of the toughest freshman teams in Georgetown history. The game was well fought with most of the action centering around mid field. The big break came when Georgetown countered twice on long passes, but other than that the game was evenly fought. The final score of 13-0 does not amply show how close the game actually was.

### **V. P. I. 13—AUGUSTA 12**

Playing in college ranks again, but on our home grounds for the first time this year, the Augusta eleven met it's final defeat. The V. P. I. J. V.'s were the opposition and they copped a hard fought 13-12 win. It was Jack Hushebeck who spearheaded the Augusta attack, scoring one touchdown himself and passing for the other to give A. M. A. a 12-6 lead at the half. Late in the final period however a Tech back raced 27 yds. to score and when the kick was good the game was history. The big Blue looked good even in defeat with Carmichael, Hushebeck, Winston and Jordan showing the way.

### **AUGUSTA 67 HARGRAVE 0**

From here in the cadets hit their stride and bowled over everything in their path. Exactly five minutes after the opening whistle of our first prep school game Jiggs Tyrrell skirted left end to score. Don Johns added the extra point and the cadets were off to one of the highest scores run up by an Augusta team. Before the final gun Tyrrell, Carmichael, and Hushebeck had each scored twice and Volpe, Allen, Adelberg, Heppner and Bones once. Johns kicked six extra points and Grove caught a pass for one.

### **AUGUSTA 12 FORK UNION 8**

The following week the Blue broke 50% of a traditional jinx by defeating Fork Union 12-8. It was a bruising game and wasn't decided until the very end. Hushebeck raced 84 yards to give the cadets their first score and in the second half the Blue marched 80 yards to score with Carmichael crossing the last white line. Philhower, Jordan, Harris, and Devereaux were outstanding in the line with Hushebeck, Carmichael, Johns, Bellins, and Allen in the backfield.

### **AUGUSTA 12 GREENBRIER 6**

Proving their wins no accident, the Blue broke the other 50% of the jinx by beating G. M. S. After a first half in which there was no score things began to move. Greenbrier scored on the kickoff but A. M. A. fought back to tie the score on a sensational lateral pass play. The play covered 53 yards and went from Johns to Hushebeck to Ramsey. With Hushebeck putting on a phenomenal passing display Augusta marched 80 yards to score again. This time Hushebeck passed to Carmichael for the clincher.

### **AUGUSTA 25 MASSANUTTEN 7**

Continuing in juggernaut style the cadets next snowed under Massanutten. The cadets did all their scoring in the first half. Hushebeck tallied on runs of one and 28 yards and Johns went 10 for a score. Still it remained for "Ducky" Carmichael to turn in the play of the day. He electrified the shivering crowd by turning in a run of 95 yards on a kickoff for a truly sensational finale.

### **AUGUSTA 13 WEST VIRGINIA 0**

Moving back into college ranks the cadets made it five straight by downing the West Va. yearlings in a sea of mud. It was Hushebeck who amazed the crowd in the first few minutes of play by tossing the wet pigskin 30 yards to Carmichael for the first score. In the second half the Blue marched 40 yards to paydirt with Johns going over from the 2.

### **AUGUSTA 60 FISHBURNE 0**

In the final game of the regular season the cadets clinched the state championship by running F. M. S. into the ground, on "Turkey" Day. With just about every back on the team scoring and Moon adding 4 extra points the Blue triumphed 60-0 and in so doing registered one of the highest scores ever made against Fishburne. The second team was as good as the first; in fact they outscored them.

This, however did not conclude the season as the Big Blue was invited to inaugurate the first annual Orchid Bowl at Chattanooga Tenn. The story of that glorious victory is told on the following page but we would like to take time at this point to give credit to the men that gave Augusta one of the most glorious seasons in history. In the backfield the brilliant passing, running and quarterbacking of Jack Hushebeck, the devastating plunges by Don Johns, the elusive broken field running of "Ducky" Carmichael, and the equally effective work done by the many other backs will always be remembered. As for the line it was without equal in the state. With such men as Harris, Jordan, Philhower, Sykes, Mohler, Hitchens, Moon a host of other stalwarts it was unstoppable.

The team of '47 will always be remembered for breaking the "GMS FUMA" jinx, for running up the highest score ever made against Fishburne, for it's glorious Orchid Bowl victory but above all for it's fighting spirit.

## ORCHID BOWL CONTEST

Concluding an unbeaten prep season with a rout of Fishburne in the annual "Turkey Day" classic, the cadets looked forward to the first annual Orchid Bowl game at Chattanooga Tenn. Their opponent in this post season classic was to be McCallie School of Chattanooga and the boys from Tennessee boasted a record that was marred by but one defeat.

Coming through with the championship form they displayed all year the Augustans won 27-13.

### FIRST QUARTER

The superiority of the Virginians was evident at the outset when mid way in the first period they drove to the McCallie one only to lose the ball on a fumble. After Carmichael returned Joyce's kick to the 27 Johns took a lateral and went the distance to score. The extra point was missed and the Blue was off to a 6-0 lead.

### SECOND QUARTER

In the second stanza the action really got hectic. Charlie Jordan recovered a McCallie fumble on the home team's two yard line. Carmichael took it across on the next play and a Hushebeck to Grove pass accounted for the extra point. Shortly after this McCallie recovered a Blue fumble and drove 26 yards to score. At this point with time running out Augusta gained possession on their own 48. Hushebeck and Johns combined to put the ball on the 15 from where Hushebeck passed to Johns for a score. Tom Moon converted to make the score 20-6 at the half.

### THIRD QUARTER

The action wavered throughout this period with Augusta registering their final tally on a 40 yard pass Hushebeck to Bones. Moon's placement again was good. The remainder of the quarter was uneventful.

### FOURTH QUARTER

In this period McCallie rang up their final score after a march highlighted by desperation passes. Joyce again was the sparkplug with Trammel finally scoring. This time the point was good to make the final score 27-13. This was the climax of a glorious season.

Here we have one of the main reasons that this football season will always be remembered by the sons of old Augusta. Namely Cadet Charlie Jordan of Roanoke, Va. He's 202 pounds of potential dynamite and as a team captain he really showed the way for his mates this season. Among his accomplishments the 5 foot 10 inch tackle won the coveted gold football awarded annually by Col. Roller, was named all-state tackle, and was recognized by all coaches in the state as about the best tackle the "mythical military league" has seen in years. As for college Charlie has been swamped with so many offers that he doesn't know as yet where he'll end up, but one thing is certain when the nations top teams are determined, somewhere on one of those teams we'll find Charlie Jordan.

The opening game with Harrisonburg saw Augusta tallying three TD's in the first half against little opposition. Lacy and Nobel carried off honors in scoring offence.

The first game with the highly vaunted Boys' Club of Staunton saw a lot of fight on the Boys' Club side but little exhibition of football talent and AMA won easily with Heppner, Volpe and Fernandez scoring against little opposition.

FMS put a scare into the blue and white's ranks when they carried the ball to the AMA one yard stripe only to fumble at the crucial moment. Paxton and Lawson tallied the blue and white scores.

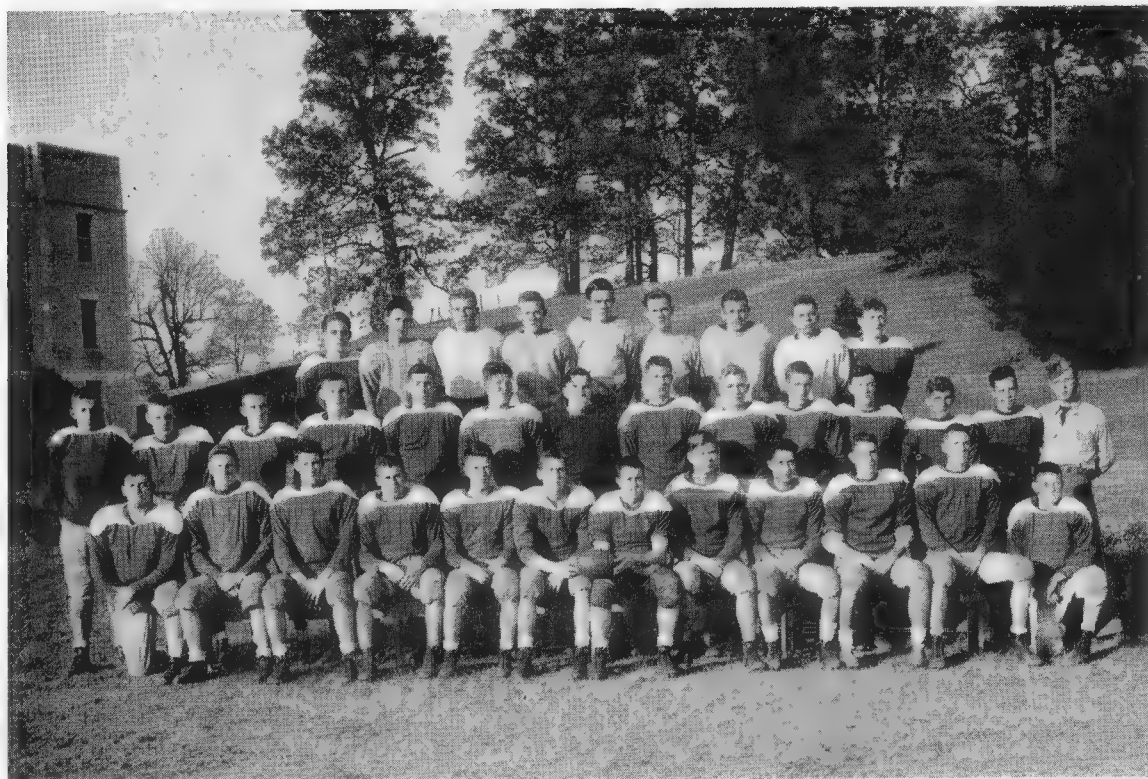

Fork Union was the next victim with much spirit but little offense against the superior blue and white eleven. Spencer, Lawson and Jones made the TD's for AMA.

In the return meet with Harrisonburg on their field Augusta met with opposition but scored without much difficulty. Heppner, Lacy, Paxton did the honors for AMA.

In the return game with the Staunton Boys' Club AMA went to town in every department of the game even permitting their opponents to score six points. Heppner, Volpe scored on intercepted passes and AMA laterals. Every man on the Augusta bench saw action in this game so well did their first team play through the game.

In the final contest of the season Massanutten fell before a fine exhibition of football playing on the part of Augusta. Paxton, Spencer and Lawson carried off the honors for Augusta.

The school was indeed fortunate in having had such a fine coach for this team as they had in Lt. Carl R. Becker. He truly did wonders with this team.

In the opening game with Miller School both teams played good football. Passes from Singers to Young tallied twice. Ragsdale recovered a highpass from center in the end zone for the third TD. Miller School's tallies came on misjudgments on part of the AMA backfield.

Wilson High Varsity visited Ft. Defiance only to be turned back twice on passes from Singers to Young. Wilson's tally came as

a gift from the referee who allowed a technical TD.

Low Moor caught the blue and white eleven off their balance and scored quickly early in the first period. Try as they might Augusta never recovered and was unable to hit pay dirt.

In the next contest Valley High took to the air and passed to an easy victory. The Augusta backfield fell apart and although the line stopped VHS through the line and ends all Valley had to do was pass and the scored at will.

With a revamped lineup AMA met Lee High and did what they had tried to do all season and although scoring but once they threatened eight other times. Owens on a quarterback sneak scored.

In the return game at Wilson High, Augusta with its new lineup gained at will. The razzel-dazzel play worked to perfection as did all plays tried. The razzel-dazzel gained sixty yards on one play and set up a TD with DiCello making this and both scores.

In the final game of the season Miller School visited AMA and although putting up a game fight fell before the onslaught of the powerful AMA team. The lone tally came with but fifty-five seconds left to play in the first quarter. Two passes from Owens to Vaughan netted sixty-five yards and a tally. Time was almost sufficient for a second tally but a penalty stopped this threat.

With a win of five and a loss of three the AMA Tiger Eleven despite all handicaps put up a brilliant display of sportmanship and football technique.

This year Colonel Rhodes organized the first "Junior" football team to compete with other schools. The team elected Jack Hodge to captain them thru their season.

The first game of the season was played with Fork Union Military Academy in Fluvanna. The F. U. M. A. Junior Team was far superior to our team, and out weighed them considerably. During the first quarter the F. U. M. A. Team was able to rack up 18 points to our team 0. The A. M. A. Team fought harder in the second quarter and when the half ended the score was still 18-0 favored the hosts.

On the kick-off of the second half, Jones of F. U. M. A. fumbled, and Hatcher recovered the ball. A. M. A. showed new life as they banged their way down to the two, where Hodge took it over for our first tally. The remainder of the game the teams were evenly matched and A. M. A.'s Pulliam was the star of the day when he turned in a ninety-seven yard run. The final score was F. U. M. A. 28—A. M. A.—18.

In the return game F. U. M. A. ran wild scoring thirty three points to A. M. A.'s six. Johnny Collins turned in our lonely tally. Our Junior Team fought hard, but weight and years were much to their disadvantage.

The third and final game was with Miller School, who were also far superior. Our team again went down but they did it gallantly. Johnny Collins was again the star for A. M. A. when he raced ninety nine yards for a touchdown. The final score was Miller school 48—Augusta 6. Much credit is to be given to these boys for their remarkable performance against boys a lot heavier and older.

The Lynchburg College Jayvees showed surprising strength in forcing the Augusta five to go all out to win the opener 43-28. It was a thriller and the cadets went into the final quarter trailing by three points, but the big Blue came roaring back to win the game. Carmichael and Hushebeck shared scoring honors.

Next the Blue journeyed to Waynesboro to meet Fishburne in the first of two games. They made it two straight to the tune of 35-23 with Carmichael and Hushebeck again showing the way.

The cadets suffered their first defeat at the hands of Greenbrier as they went down fighting 54-46. Later in the season the Green did it again 62-51.

Woodberry Forest next took a heartbreaker from the Augustans 37-36. Hushebeck was high with 13 points.

The cadets returned to winning ways by edging Massanutten 39-36. Bones starred as he rang up 12 points to pace the scorers.

Charlie Bones sank a sensational half court shot to give Augusta a 41-40 win over the V.M.I. Jayvees. The game was a thriller right down to the finish.

Lynchburg was humbled for the second time this season with Carmichael leading the scorers. The game was rough and rugged to the end.

Fork Union handed the Blue their first conference defeat by trouncing them 60-28. The game was one sided but the cadets fought to the end.

Hargrave fell victim to the Blue in a thriller 42-41. The highlight of the game was when Carmichael took a pass from Gliboff to score the winning basket in the last 20 seconds.

Massanutten was beaten for the second time 42-35. Hushebeck and Bones led the scorers. Two days later the Blue went to Annapolis to meet a really fine Plebe team. The boys from Maryland had far too much for the cadets as Augusta went down to a 73-35 defeat. The next game was truly a heartbreaker with the cadets losing a crucial overtime tilt to Fork Union 48-40. Coming fast the Blue managed to overcome a 10 point deficit. They then proceeded to outplay a taller team all over the floor but they weakened in the final period and were forced to succumb in overtime.

In the next to the last game of the season the cadets dropped a thriller to Hargrave 62-45. The game was exciting from start to finish with Jack Hushebeck putting on a brilliant scoring display as he personally accounted for 20 points. He was followed by Ducky Carmichael with 11 and Swartz who had 10.

In the season's finale Fishburne went down in defeat 54-40 with Hushebeck and Gliboff carrying off the high scoring honors.

Augusta opened the swimming season at home against V. M. I. The contest was close all the way with V. M. I. winning 36-30. Scoring for A.M.A. were: Sellers, Seibold, Click, Mentzer, and the medeley which included Sellers, Seibold and Click. The following week A.M.A. played host to the Massanutten team and walded away with a 58-7 victory. The Augustans took all firsts with Mentzer, Deane, Sellers, Click, Seibold and Noble, Pearson, Tyrrell, and Miner starring.

The Blue then travelled to Lexington to be edged by V. M. I. again 41-25.

The cadets took four first places but faltered in the remaining spots. Sellers, Seibold, and Click again took the medeley. Coach Bales then took his swimmers to Washington to swim Bullis, in the Central Y. pool. The Augustans trounced Bullis by taking eight first places, to beat last years interscholastic champions by a 50-16 score.

On the following Monday A.M.A. natators ventured to Annapolis where they took part in a triangular meet against Navy and Baltimore City College. Augusta took the short end of the scoring by only having 11 points. The Blue medeley team lost by only 1/10 of a second. Those scoring for A.M.A. were: Parker, Sellers, Click, and Seibold.

Returning to winning ways the Blue swamped Massanutten for the second time this season, this time by a score 46-20 score. Mentzer was high man for Augusta as he rolled up 10 points. Parker, Click, Sellers, and Seibold also came up with first places and the Relay team won. Back at home the cadets continued their winning ways by taking Fishburne by 18 points. The medeley relay kept it's record of never being beaten by prep school competition. This meet gave us a clean slate for the season in state military competition.

In the final swimming meet of the season the Blue and White "Mermen" ended in fine style by taking Central High School of Washington to the tune of 40-26. Trailing 17-10 at one time the Augustans fought back and paced by Sellers, Seibold, and Click took the victory. The medeley team of Click, Seibold, and Sellers triumphed again for it's seventh victory in eight attempts.

In the opening meet with Virginia A.M.A. swept the foil 7-2 easily, took the epee 5½ to 3½, but lost the sabre 5-4. Aldrich and Tomlin each took three in foil with Paxton winning one of his three. In epee Henry carried off honors winning all of his three while Cleek tied both of his matches. Gooding tied his and Annett won his single. In

sabre Fouracre won his two and Whittington one of his three.

Against West Point we lost our first encounter with this opponent in three years. Tomlin won three, Aldrich 3 and Paxton one in foil. In epee Henry won two of his three; Gooding one of his three. In sabre Lacy won two, Fouracre one and Moon one.

A month later absence of meets was apparent when we met the strong Navy Team and lost to a more experienced foe. Despite scoring the same number of points as our opponents we were edged out 5-4 in foil. Aldrich led the way with two of his three bouts; Tomlin with one and Paxton with a single win. In epee we were clearly outclassed, winning but one bout and that by Annett. In sabre we showed up best when Lacy won two of his three and Fouracre and Moon taking but one of their matches.

With the experience gained from Navy meet still fresh in our minds we engaged Virginia in a return bout and won handily in bouts and points 100-79. In foil led the winning streak with three of his three; Aldrich two out of two; Dixon his solo. Click and Rudolph showed up well in their first encounter. In epee we clearly outpointed Virginia when Cleek won his three; Gooding two; Henry one and Annett one. In Sabre Virginia again nosed us out. Lacy took these honors winning all of his three; Fouracre one; all in all fifteen fencers took part in this meet—a record in this sport in competition.

Al Tomlin led the team for the season by winning eighteen out of his twenty bouts; Bill Aldrich came close behind with fourteen wins. Annett won all of his bouts in epee. In sabre Lacy led his teammates.

Under the able coaching of Capt. Ted Anderson the blue and white matmen enjoyed another fine season by winning 5 and losing 5 of their matches.

In the opening meet with the Jayvees of Washington and Lee the lack of practice was evident due to the fair showing our team made. Gonzales was the only A MA man to throw his opponent and George Philopolous made the other three points by a decision.

V. S. D. B. in its initial meet of two with Augusta put up a stiff fight but displayed little knowledge of the sport. Koetzle (121), Philopolous, G. (136),

Turner (165) Gonzales (135) won decisions while their teammates: N. Philopolous (145) and Adelberg won by falls.

In the first of two meets with V. M. I. Jayvees the Augustamen won easily with Gonzales, N. Philopolous, Adelberg, Turner won by falls and G. Philopolous winning by decision.

Woodberry avenged their defeat of last year by trouncing Augusta 23-8. Adelberg and Turner won by decisions while Al Gonzales had a draw with his opponent.

In the return match with V. M. I. our opponents avenged their former defeat by trouncing the Andersonmen. G. Philopolous and Adelberg were the only Augusta boys to win their bouts and they were won by decisions only after a terrific fight.

The Virginia Jayvees were easy pickins for the blue and white grapplers. The weights divisions 121, 128, 136 were forfeited by the University.

N. Philopolous, Adelberg, Turner won further points by decisioning their opponents. In exhibition bouts Gonzales and Philopolous, G. won over their opponents.

In the return meet with V.S.D.B. Augusta wrestled under High School rulings and as a result V.S.D.B. gained sixteen points much to their delight by winning over some of our junio lightweights before Augusta won a point. From then on Augusta took every remaining weight division. The Philopolous brothers and Adelberg winning by falls and with Gonzales, Turner and Lefkowitz taking decisions from their opponents.

In the return meet with Woodberry we put up an excellent fight but the points were against us. Koetzle in the 121 lb. class although out on his feet put up a marvelous exhibition which almost won him his match—losing it by one point. In the 128 Morely Vail earned a draw which attracted the applause of the cadet corps in attendance. George Philopolous and Joe Adelberg won their bouts by decisions.

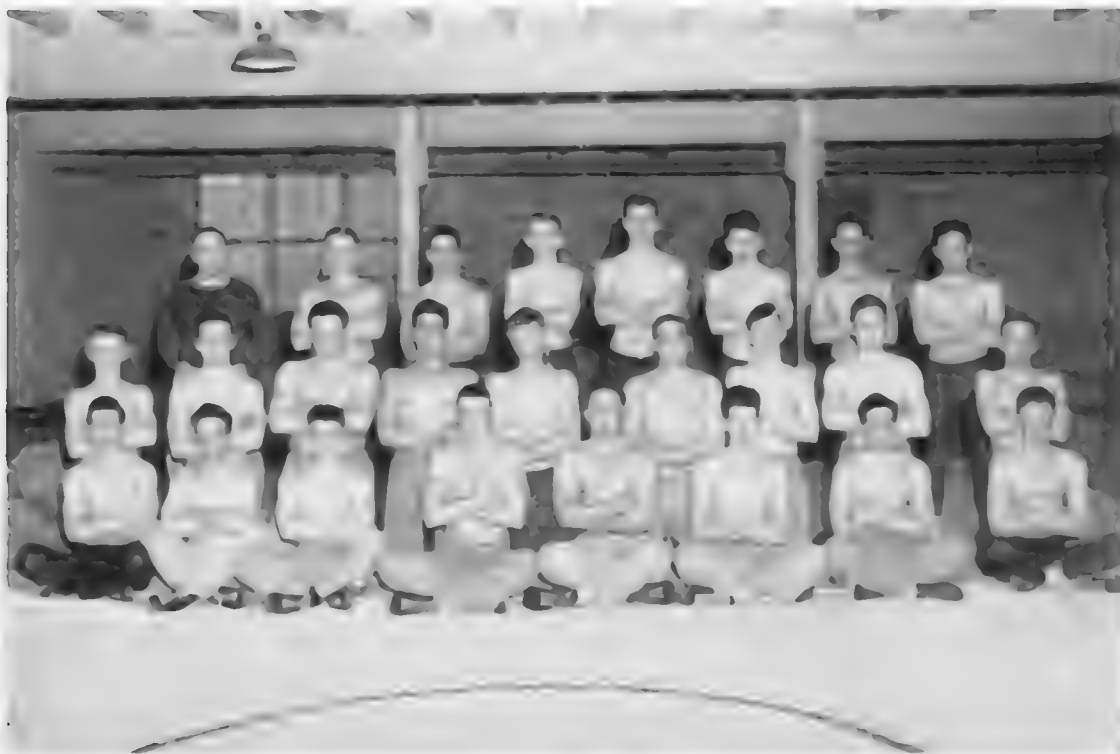

For the second time Virginia Jayvees were met and beaten, this time 21-9. George Philopolous, Adelberg, and Mrvos were outstanding in winning their matches. Again Va. was forced to forfeit in the 121 class.

In the final match of the season the A.M.A. grapplers lost a hard fought 19-8 battle to the W & L Jayvees. George Philopolous and Adelberg won impressive victories, while Meb Turner did a beautiful piece of work by holding his man to a draw.

This match marked the end of a highly successful season in which the Big Blue not only won more than it's share of victories but also began to build for the wrestling teams of the future.

## *Rifle Team*

The past rifle season opened with the Blue riflemen losing two matches to a professional team from Harrisonburg 946-906 and 1340-1306. In the first, Crispin was high man with 183 and in the Second Chauncey with 268.

The Augusta sharpshooters then came to life to take a 1327-1237 decision from Massanutten. Agin with 272 paced the scoring.

The following week the cadet riflemen lost a heartbreaker: Navy 1342-1301 with Agin again showing the way.

Fishburne next managed to overcome the Augustans in a tight 1342-1308 match. Agin's 272 was high.

The next match was the first annual invitation match, which was a regular affair at Augusta. It was a huge success with the cadets finishing second behind F.M.S. The score: Fishburne 1342, Augusta 1303, Massanutten 1233, Greenbrier 1227, Fork Union 1145, Hargrave 1017.

The cadets took second place in the annual Hearst Trophy Match paced by Agin's 192, which placed him first in individual scoring. In two mail matches the cadets emerged victorious beating Western Ky. 1794-1583 and Thomas Jefferson 1794-1013.

With seven teams competing the Blue rifleman performing in fine style took second in the State Meet. The team turned in a score of 1324 and Hill was high man with 275. Hill, Chauncy, Klotz and Agin received Bronze medals for their part in this event.

This was the end of a good season for the Augusta riflemen who by their determination and skill made this season something to remember.

Augusta	35	Brownburg High	40

The Junior Varsity Basketball team failed to win a game in the past season but in spite of this fact the season was a success in the fact that a lot of encouraging material was developed.

Opening the season against the Lee High B team the Jayvees made a real contest of it by overcoming a nine point deficit to tie the score but they weakened in the closing minutes and lost a tough 29-25 decision. Matthews and Ellman were outstanding for Augusta. In the return game on the Lee floor the Blue was definitely outclassed and dropped a 44-30 tilt. This time it was Matthews and Harry White who were the big guns.

In the two games with Brownburg High the cadets showed what good practice can do. After losing the first one 42-27 they came back and almost copped the finale. They lost a heart-breaking 40-35 encounter. Ben Angle and Matthews were particularly outstanding.

## TIGER BASKETBALL 1948

Augusta	40	Lee High J. V.	36
Augusta	28	Brownburg B Team	23

Paced by four returning veterans Gibson, Izenberg, Sollod, and Barnes, and a host of newcomers including Vaughn, Markey, Spencer, Gallier, and Jennings, the Tigers had a

highly successful season. Hampered by lack of time to practice they, nevertheless, creditably carried out the teachings of their two coaches Capt. McKinney and Capt. Kramer in the two games they played.

In the first they won a thrilling overtime contest from the Lee High J. V. 40-36. High scorers were Vaughn and Gallier.

In the second game they made a brilliant comeback to beat the Brownburg High School B Team 28-23. Paced by the brilliant shooting of Barnes who rang up 16 points, and the floor play of Vaughn, Izenberg, Markey, and Spencer, they closed the season in fine style.

Both the Jayvees and the Tigers have shown by their fine spirit the type of teams Augusta will have in the future.

### **THE A.M.A. BLUE DEVILS**

With three full squads operating at their best form of the season, the A.M.A. Junior School basketball teams concluded a memorable season on March 5. On that date the A.M.A. Blue Devils closed their schedule with a thrill-packed 22 to 18 victory over the V. S. D. Purple Hurricane on the latter's court. The Blue Devil squad was composed of the smaller boys, and was led by the sensational Mexican fire-ball, "Pancho Pistoles" Galvan. The other members of this championship aggregation included Lopez and Munda, centers; Haley, Balbas, and "Gus" Villaldo at forwards; Howard, Chapman, and "Hook-shot" Rodgers at guards.

### **THE A.M.A. GENERALS**

The second of the three squads were the A.M.A. Generals, led by "One-shot Marvin" Raphaelson, the Delaware Express. The Generals concluded their season by dropping a hotly contested game to the V. S. D. Thundering Herd by a score of 33 to 29. Centers for the Generals were Kober and Cunningham; forwards were Ramsacur, Ballosi, Deal, and Guerra; guards were Gray, "Chops" Wong, Hatcher, Suter, and Williams.

### **THE A.M.A. WOLF PACK**

The A.M.A. Wolfpack—best of the bigger boys, and pride of the Junior School—fought their way through an exceptionally tough schedule to rate a bid to a 16 team Invitational Tournament to be played at the Staunton Y. M. C. A. on March 17, 18, and 19. Highlight of the season was a desperate 26 point last quarter rally against the strong Fork Union team—but it was not quite enough to give the Wolf-pack a victory. The outstanding player on the squad was little Johnny Collins, forward, who won the admiration of the opposition (as well as his team mates) by his sterling play under the basket. Collins was consistently high point man for both teams in each contest. Other outstanding members of the Wolfpack were "Big J" Coulter and "Bull" Pulliam, centers; Roberts, Bowers, and "Hard Rock" Hanger at guards; and "Brooklyn" Zagame and Klein, H. at forwards. Rounding out the squad were "Tidewater Dick" Ashby, Boykin, and Gayhart.

## *Officers of the Student Body*

It is truly said that the officers of the student body hold the highest positions attainable. Elected by the students, they are the nucleus of the corps, the leaders and friends of every cadet. Upon these men devolve responsibilities admittedly the most difficult that can be imposed on any group. We say, moreover, that they have met these duties and the successful progress of the corps this year is due to their hard work and perseverance.

John Larus was honored by the corps as president of the body. As we all know, John is a boy of the highest character along with being one of the best liked boys in school. And we want to add that he has done a bang up job of it.

Don Fretz was honored by the vice-presidency of this noteworthy group. Don has set an example for the corps that none of us shall or can forget. His honest work has gone far in making this corps what it is.

To the First Captain of the corps, Paul Bratton, fell the honor of secretary. One would have to go a long ways to find another person who has devoted himself to the betterment of the corps as he has. A leader in both military and social life, Paul has made his presence imperative among the officers of the student body.

The honor of treasurer was bestowed upon Bill Sanders and he has done more than could be expected of anyone toward the betterment of the Corps. Without his assistance in all matters concerning the cadets the forward progress would have been stymied.

This year we added a fifth member to our Student Body, that of Sergeant-at-arms, and to Bill Harris fell the duties of this office and he has shown us that it was not a mistake in the addition of this office. "Red" has gone all-out for the progress of the corps and has upheld the ideals of this body to the utmost.

It is through the guidance of these men that the corps has advanced to the shining body which it is today.

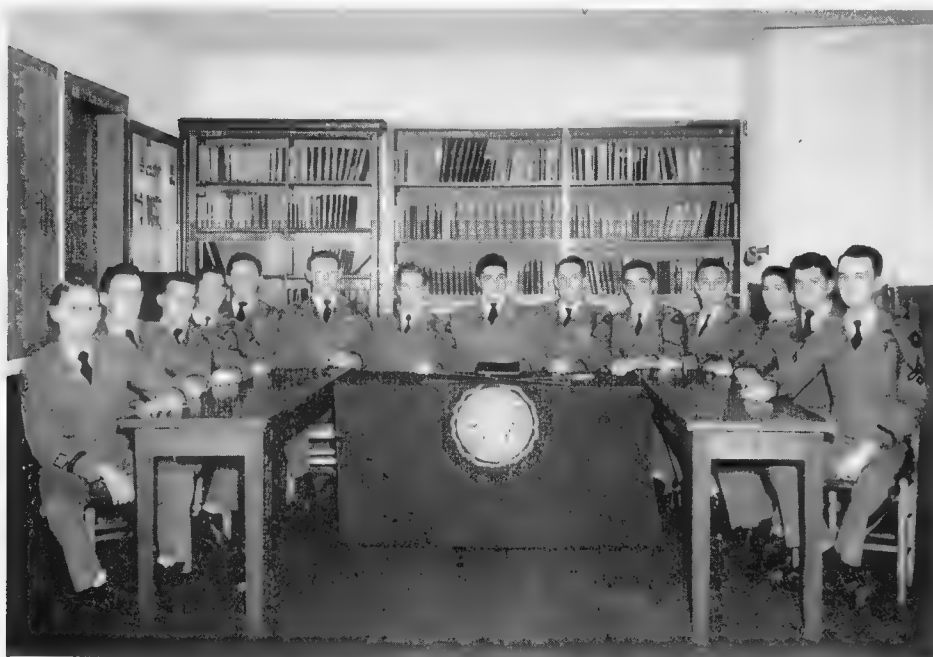

## *The Honor Committce*

When we speak of the Honor Committee we speak of a group of men, chosen by the cadet corps, who uphold and protect the ideals of Augusta. Each man has a difficult job to perform, for it is he who decides the future of a cadet who has gotten off of the straight and narrow path. They are very just in their treatment of those brought before them for they fully realize that their main principle is to make and not to break a boy.

This year's committee is one that everyone feels the presence of but no one sees much of, as they do their business without any fuss or bother to those who are not concerned. They are efficient, and above all just in their ways. This year's committee is truly one to be proud of.

The officers of the student body automatically become the officers of the Honor Committee. Therefore, Cadet John Larus became its president, Cadet Don Fretz is vice president, Cadet Paul Bratton is secretary. Cadet Bill Sanders is treasurer, and Cadet Bill Harris is sergeant-at-arms.

Beside these members there are: Cadet Henry, L. elected from the fourth year class; Cadet Charles Jordan, Alin Tomlin, C. T. Cooper, John Bowers, elected from the third year class; William Woods, Guy Gooding, Richard McLaughlin, elected from the second year class; and Jack Hushebeck was elected from the first year cadets to act in an advisory capacity.

*"Ad

COLONEL C. S. ROLLER, JR.  
Founder

Back in 1924, Col. Roller founded a great society of brotherhood called the "Ad Astra, Per Aspera" fraternity. The name of this society, the motto of our school, is clearly engraved beneath the eagle over the front arch and in the heart of every true alumnus. Each year the fraternity has become more sought after and valued with respect.

This organization is increased each year by ten new members, who are chosen by the ten oldest faculty members and any member of the fraternity who is in school for that year. The men who have literally risen to the heights through difficulty are chosen.

In this year's corps we have but one member of the society and only one faculty officer, other than Col. Roller. They are: Cadet First Captain Paul Bratton and Major J. Cyrus McCue.

This year at commencement there will be ten new members who will find themselves bestowed with the great honor that follows the members of this organization, bringing them good luck and success in whatever they attempt.

## *Young Men's Christian Association*

"Believe it or Not"! According to Bob Ripley, Augusta has the distinction of having the oldest Y. M. C. A. in the nation. It has been moulded into a great charity organization, ever willing to give aid to any worthy cause or purpose. We feel it a privilege to purchase annually the big Christmas dinner for the Lynchburg Orphanage. The money for this is contributed generously by the cadets at the Christmas program, which is, incidentally one of the finest and largest corps meetings of the entire semester. Also through the entire year the "Y" furnishes, regularly, interesting programs every Sunday night for the benefit of the cadets and visitors.

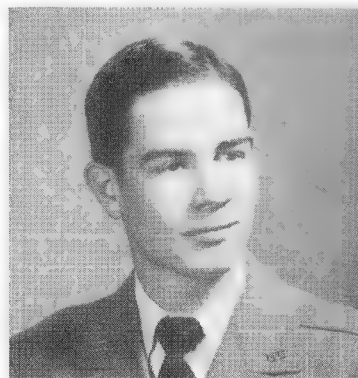

Probably the greatest reason for the success of the "Y" this year belongs to its officers. Jimmy Chezem is president of the Y.M.C.A., and the finest fellow anyone would want to know. The efficient Al Gonzales has the honor of being vice-president, while Guy Gooding ably bears the office of Secretary. For treasurer we have elected Bob Englehart who does his job well. The other members of the cabinet are, Cadets Bill Lacy, Roy La Guardia, Charles Buch, Jimmy Welch, Ted Deane, Bob Crosby, Frank Hickish, and

Let us also express our gratitude to Mrs. Robinson for her excellent and unceasing interest in all affairs of the "Y." We would be at a great loss indeed without our faithful pianist.

One of the greatest honors to come to the AMA, YMCA arrived when a new cadet, John M. Cole, Jr. was elected the president of the Natural Bridge Y. M. C. A. Conference.

## *The 1948 Recall*

The staff of the 1948 RECALL was one of the smallest in the long history of this publication. However, the members made up for the deficiency in numbers by the magnitude of their efforts. Their results are apparent in the splendid annual they produced. Many new ideas were incorporated in this year's edition. Not a single picture that was used in former RECALL's appeared in this copy of '48. Pictures that told their story without the use of words added a new high to the development of the most cherished possession of the members of the graduating class. Action shots of every athletic contest livened up what would have been ordinary resums of the different sports. Individual pictures—formal and informal—of the faculty were added to keep bring the memory of our beloved teachers who have done their best to help us attain our hard-fought-for goals.

It is hoped that this year's RECALL will be a challenge to future staffs to out do the 1948 Staff in effort as well as production.

The Official School Newspaper of the Cadet Corps

The BAYONET was founded many years ago—in fact way back in the early 1900's and continued to be published regularly until 1932 whence the organ ceased until 1937 when it appeared again and continuously since then. During the period from 1940-1946 the BAYONET appeared in what was considered to be the ultimate as far as the cadet corps was concerned. Then in the fall of 1947 a new and more modern school paper appeared for the first time. Since this first issue of the "New Look" it was an instant success. A larger and more attractive form has been used. Pictures representing every phase of cadet life have appeared and have further increased the presentage of the cadet "mouth piece." The highlight of the year were the third and fourth issues when the Orchid Bowl and Championship Football sason were written up in Life-Style manner and the final or the graduation issue appeared with articles and pictures that brought to one realizations that this was his final year at Augusta.

Membership in the National Press Association and the Quill and Scril brought further pleasure to the Augusta news publication. Participation in contests of nation-wide scope brought the paper to national fame. The exchange column helped to foster better relationships with preparatory schools through the nation.

All in all the BAYONET proudly displayed the banners of our alma mater in a manner that benefits only the best of all. The staff was honored to have been instrumental in these honors.

## *The Debating Society*

This is the second year that Augusta has had a Debating team. This team is picked from the best speakers, this being judged by their ability to write and deliver speeches. It is also to be remembered that all of this is ultra-curriculum work done on the cadets own time.

Not just anyone can speak in public ; this is the reason that it is such a difficult task to choose a team. The only two carry-overs from last year's teams are cadets Aldrich and Nelson. The new members are : cadets Fowler and Hickish.

The faculty adviser of this year's team is Captain Robert S. Hart. He is the one who arranges the meets and helps us to prepare our speeches. He also gathers any and all information he can about the query for debate. Capt. Hart has done an excellent job in this capacity.

The team has hopes of having enough carry-overs to keep the team going next year and the year after that .

This year's team had meets with Greenbrier, Fork Union, Fishburne and several other public schools.

## *Roller Rifles*

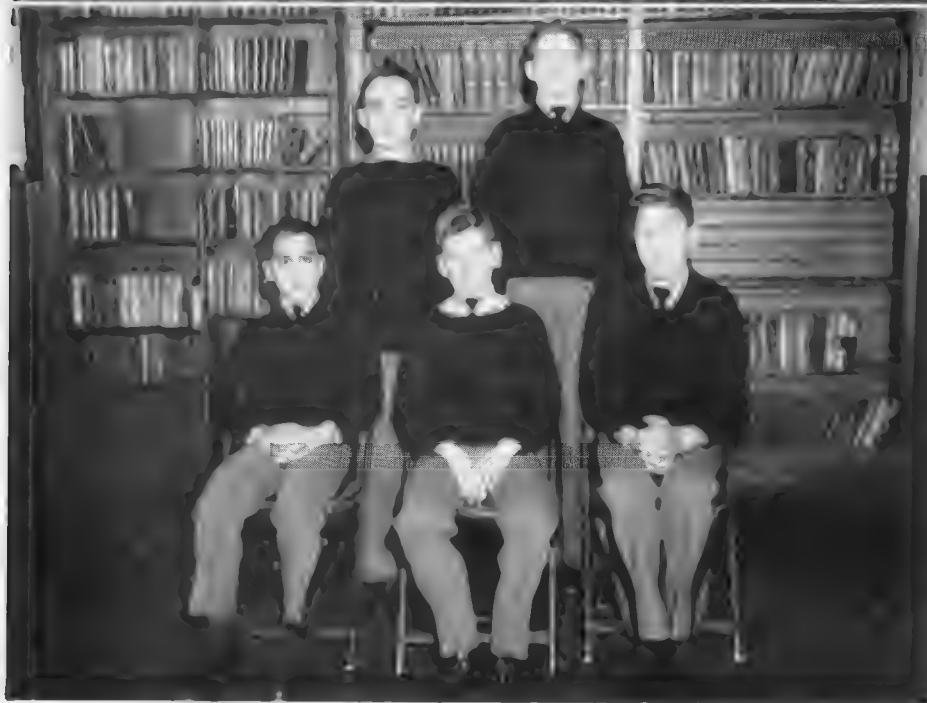

This is the second year of the actual functioning of the Roller Rifles. It is an honorary platoon made up of the best drilled cadets in school for show and competitive purposes. The platoon was organized in commemoration of the late Lieutenant Charles S. Roller, III, and has as its honorary commander Col. Charles S. Roller, Jr. The honorary vice-commander is Miss Linda Moorman Roller, daughter of Lt. Roller. This year's commander is Cadet Capt. Hal Walters; Cadet Capt. Bill Harris, executive officer; Cadet Capt. W. C. Brown, Platoon Guide; Cadet Young, R. F., Platoon Sergeant.

To be a member of this organization you must first be nominated by the Honorary commander and the Professor of Military Science and Tactics, and secondly you must be unanimously approved by the standing platoon. This has grown to be a rank of highest military recognition. This year's platoon is:

## *The Beta Club*

This year a new honor has been handed Augusta through the establishment of a chapter of the nationally known Beta Club. Its charter members were chosen on the basis of all around scholastic achievement, personality, and ability. This club is entirely honorary and is the reward for diligent study and high character traits. This is the first time that such a society has been formed at the Academy and it has been met with tremendous approval. The officers of this year's club were: President, Hal Walters; Vice-President, Bill Aldrich; Secretary, Carter Wood; Treasurer, Tom Cooper.

At the Virginia State Meeting of the Beta Clubs, John Morris of Augusta was elected president of next year's convention.

## *The Cotillion Club*

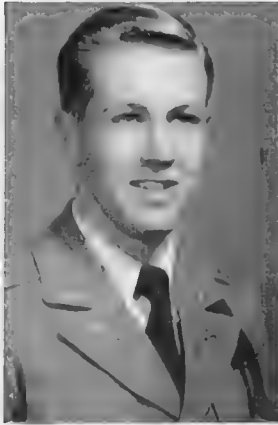

The Cotillion Club, under the able leader Cadet Bratton, has given us numerous dances this year, all of which have been a huge success. In order that the Cadet Corps may have such fine dances, Cadet Bratton, President of the Cotillion Club, along with his officers, John Morris, Vice president, Hal Walters, Treasurer, and "Red" Harris, Secretary, have devoted much of their time and seemingly unceasing effort. It has been their 'privilege' to handle all the financial worries, the dates of the dances, and the many other tiresome tasks that it takes to put over a successful dance. The whole corps owes these boys a debt of gratitude for their fine work and we would like to take this space to show our appreciation for the work that they have done.

## FINAL BALL COMMITTEE

### LEADERS OF FINAL BALL

CADET DONALD FRETZ

and MRS. S. S. FRETZ, III

CADET JOHN LARUS

and MISS JEAN HOLLERITH

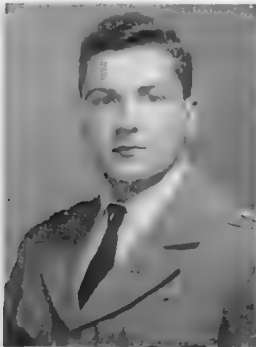

The crowning point of the social year at Augusta is the much publicized Final Ball. It is possibly the most remembered part of the graduates final year, filling the minds of each cadet with pleasant and fond memories of his life at Augusta. This final dance is held in such high importance that a president is elected for the sole purpose of directing the ball. He also appoints a committee to assist him in his duties.

This year, the presidency was in the capable hands of Cadet Fretz and his assistants were: Paul Bratton, John Larus, Loftus Hitchens, Lloyd Henry, John Morris, Thomas Moon.

The decorating committee also deserves a good bit of credit for it is they who give up their time to work in the gym in order to have the dance a bigger and better success. They have bedecked the entire room with hundreds and hundreds of yards of crepe paper and other decorating fixtures. Without their constant help the ball could not be what it is today. Taking every thing into consideration the Final Ball for the year 1948 can be considered a complete success.

The leaders for this year's figure are Cadet Fretz and Mrs. S. S. Fretz III and Cadet Larus and Miss Jean Hollerith.

## *Class Prophecy*

It is the year 1970 and the Democrats are ready to come out of office at last and . . . . .

Here we are back at dear old Augusta for our annual Reunion. As we walk through the gates and up the lane, we meet an old friend, Bill Aldrich, now a prosperous insurance agent in Charleston, West Virginia; his partner, Jim Ragsdale, is supposed to be here shortly. We proceed toward the barracks only to meet another one of our good friends, Jim Bazemore, the electrical engineer with General Electric. He tells us that the pro-football coaches, Don Carmichael and Charlie Jordan, are here. As we walk into the front arch, we are greeted by the P.M.S. & T. Col. William Aycock who is a West Pointer (following in Col. Garity's footsteps). Col. Aycock is chatting with Senator Larus (G. O. P.) who is now a candidate for the Presidency but judging from the Alligator cigarettes he has been passing out, he'll lose it. Next we see Senator Buch, the Ambassador from the Republic of Cuba, reading a bold column in the Washington Post criticizing Senator's Bristol's labor law. The column, of course, is written by the anti-everything columnist, R. E. Bradford. Mr. Larus's escort of the State Police has just arrived. Out of the head car steps Commissioner Paul Bratton of the State Police and Federal Bureau of Investigation.

Professor A. Chang, who is teaching Chinese at the University of Michigan, bids us a happy visit and informs us that the millionaire inventor, Mr. James Chezem, is to attend the dance this evening, and that the band will be Jerry Izenberg and his Music Makers. The noted artist, Robert Buckmaster, has renovated the gymnasium with his unusual murals. I heard that two A.M.A. boys, Don Fretz and Donnie Tyrell are making good in Hollywood. Mr. Fretz is also doing some directing on Broadway, having gained his initial experience while he was President of the Final Ball. Mr. Deavereaux and Mr. Bellins, the coaches of William and Mary and Washington and Lee, respectively, have arrived to scout A.M.A.'s football team for their Freshman Teams of 1971.

We hear that Leftkowitz is putting his weight to some good use—he is balancing the sloop which is riding the high waves. Seriously, he is the best fisherman on the Coast. Speaking of sports, we hear that John Millard is in Africa hunting the Wale bird which has been hunted for some time. Millard has made some fine donations to the Smithsonian Institute. At this institute, behind the largest desk, is Lloyd Henry who designed all the new buildings in Washington. He is the most popular architect available. Fearless Dan McGrew is now head surgeon in the B. Rogers Memorial Hospital in Parkersburg, West Virginia. Dan is one of the best surgeons in the country, and it's rumored that he will soon start his own hospital. Incidentally, the hospital was donated by B. Rogers who is the famous peanut millionaire.

Bill Noble, one of the bright boys of Movieland, has just flown in from Hollywood, and informed us that Nelson and Alan Bloom are leading speakers in Pershing Square in Los Angeles. Alan also plays the drums for getting added attention. Several of their speeches have been published in the New Republic.

Lt. Colonel Panossian just left on his expedition to the Antarctic; ever since he graduated from the Point, he has been advancing very rapidly. He has been trusted with this Top Secret mission and we are sure he will be successful.

Have you seen the new advertisement for Johnny Pandizides' enlarged chain of restaurants? He was the first restaurant owner to start delivery by plane. He buys all of his produce from the fabulous Whittington farms and has them flown daily to each link in the chain. Coca Cola magnate W. Rand furnishes the necessary liquids to all stores in the Southern Area. A. B. Pearson is now running the Pearson Drug and Soda Co. He has stores in every major city and is really doing quite well for himself. Judge Ramsey is none other than Doc Ramsey of the class of '48. He told me that he had been appointed to the Supreme Court recently, the youngest lawyer who has ever had the honor to serve on this judicial body. John Ramsey now owns a large dairy farm in Surry County and is having a hard time trying to beat the record of his great rival, Dan Street of Wytheville. Both have good farms and very good herds of cattle.

Doctor Sanders and our biggest little lawyer, Speaker Gregory, are running Raleigh. Greg is one of the biggest politicians in that section and is expected to try for the Senate in the coming election. Doctor Sanders, along with his medical practice, is running a Ford Agency and the radio station, WSWM, Raleigh. WSWM, by the way, was the first station in the country to broadcast the fact that the famous make-up artist, Missimer, will go abroad next summer to work for a Paris Concern. At present, he is the producer of the hit play, 'Life at AMA,' written by Professor Al Tomlin who is an English professor at Washington and Lee. Another one of the class became a professor; none other than Prof. Hall, now head of the Physics Department at UNC. Hall was the first to discover that there was a heat giving grain which eliminates all need for furnaces in housing projects.

The newest president of the Weyers Cave Bank is none other than Ralph Guffy, who is also a stock broker in Staunton. He told us that he had just had a tooth pulled by Dr. Herbert Deane, who has set up offices in the Arts and Profession Building. Hastings, incidentally, is a pharmacist in Cape Charles, and owns three other drug stores in the surrounding area. Another farmer from the class of '48 is Thad Lora. He is the owner of an experimental farm in Ohio and has developed a winter wheat that germinates under the snow and can be harvested in the middle of May.

The Army and Navy claimed quite a few of the graduates. General Englehart, Commandant of West Point, taught there after he graduated from the institution, and after four years overseas was recalled to fill the vacancy caused when Jack Hushebeck (Colonel, U. S. A.) was requested to serve as our representative for the forthcoming Olympics at Berlin. Carter Wood, pardon, Admiral Wood, is Commander, Pacific Fleet and has such efficient officers as Commander Bill Woods and Lt. Harry Wells under his command. Hal Walters is the biggest car dealer for Chrysler and Plymouth in the U. S. He just drove up with one of those men with scrambled eggs on his lid, Lt. Commander C. Deane, who had the swabbie waddle before he even thought about going to Annapolis. Two other men who have stripes from head to toe and are considered as important figures in the

Navy are Commanders Hickisch and Fowler; they have recently returned from the Aleutians after having inspected all types of Tundra. While they were there, they discovered that Kammerman was in charge of laying brialeune airstrips which proved to be good. We all knew Kammerman, except of course, when he had a haircut.

As we walked toward the gym, we meet John Seibold, a prominent lawyer in Washington, D. C., who was chatting with one of our Spanish-American neighbors, Tony Siegle, now the Vice-President of the Republic of Cuba. They informed us that Jim Shively, one of the biggest automobile manufactures in the country is recovering from a severe illness under the excellent care of Dr. Paul Stoneham, of Waverly. Dan Street just arrived and gave Colonel Charles S. Roller, Jr. twenty of his finest dairy cattle for the 105th Anniversary of Augusta. Luke Sykes, the professional baseball player, is expected to fly in from New York, along with the famous editor, "Tommy" Thompson.

The two Wright Brothers have been going places in their respective fields of engineering. Gil is attached to the Naval Department as a nautical architect, and E. K. is now a famed engineer who is closing research in nuclear physics. Parks Underdown, member of the North Carolina House of Representatives, tells us that he must hurry to Staunton to meet General Volpe of the Secret Service, who has been doing some sleuthing for the North Carolina law making body. Chester Wilding is monarch of the West Virginia Coal Mines, his only rival being Dave Wallace. He has just been psychoanalyzed by Tom Fouracre, who never minds his own business anymore. He's the famous Psychiatrist attached to Dupont. Tom tells us for relaxing entertainment to follow his prescription—take a short jaunt to New York and wach Dave Gliboff tear up the boards with his fast dribbling and superb shots at Madison Square Garden. On the side, Dave does a little coaching to some teams which are just beginning to show a little progress: Kentucky, West Virginia, and Long Island. For a little night club entertainment while in the city, he suggests hot lips Xavier Fields and his Blue Room.

Even a short trip to Florida is nothing for Alan Diamondstein in his green Cadillac, as he now owns the factory. At the present, he is in Miami looking over some of Mr. Maust's finest snakes. George, you see, owns the largest snake farm in America. Al said that while he was in Palm Beach, he caught sight of Hitchens in the largest sailboat on the beautiful ocean. "Hitch" is a gentlement of leisure now, having won his fortune decorating gyms for the Final Ball at all the large colleges in the country.

It seems as if the AMA Class of 1948 did all right for themselves, as we all knew it would way back in our senior year. All good things have to come to an end, and we find it is time to draw this, the 22nd reunion, to an end. Upon leaving, we take one last look at the honored Memorial Gates and Augusta, and for the next few miles, reminisce and contemplate what the next reunion will hold in store, when we'll all be back at Augusta for a renewal of comradeship and memmiment.

### FIRST LIEUTENANT MORRIS PERROW GUERRANT 1924-1945

Morris P. "Punchy" Guerrant, one of the finest boxers ever to fight for the Blue and White Mitmen gave his life that we might live, 30 April 1945. Posthumously we honor this cadet.

The Silver Star: "For gallantry in action on 30 April 1945\*\*\*\*\*Germany. Lt. Guerrant platoon leader, advanced ahead of his platoon's scouts, over open terrain, armed with only a pistol and a hand grenade. Unexpected enemy fire from a well prepared strong point severed his platoon and scattered its forward elements. Lt. Guerrant continued to advance alone towards the forward enemy outpost positions, killing two of the enemy and forcing the rest to withdraw. Lt. Guerrant then deployed his platoon and advanced alone around the enemy flank, over open ground and through the direct fire and observation of the enemy. Lt. Guerrant was mortally wounded in this position but continued to fire upon the enemy until death. His extreme devotion to duty reflects great credit on the highest traditions of the Airborne forces of the United States Army". . . . .

### BRONZE STAR MEDAL

"For heroic conduct in action on 7 January 1945 near\*\*\*\*\*Lieutenant Guerrant, Assistant Platoon Leader, during a fire fight, operated as an observer 400 yards in front of his own line. He made four tiring trips back and forth, infiltrating through the scattered enemy each time, directing and correcting mortar fire. His route back to his own lines was under intermittent mortar fire. Without wire or radio communications, he supervised successfully limited pursuit of the enemy after they had started their withdrawal. Because of his aggressiveness and initiative a much longer and harder fire fight was avoided. His conduct reflects great credit on himself and the Airborne Forces of the United States Army.

Robinson's Code

Sometimes it is the nature of a craft to create an unbreakable tie between itself and the worker in that field, a heart attachment equal to lifetime devotion. One familiar example is PRINTING. Once editor, once compositor, or pressman catches the spirit of the shop, the spell is seldom broken. Like the odor of a camp fire, or a whiff of salt air, the beloved tang of printer's ink, symbolical of a great profession, gets into your heart and soul. School Annuals, Magazines, Newspapers and Special Printing, all smack of it. It is an invisible link that binds all intelligence together. It is the stimulus for creation in business or romance. This craftsmanship, this devotion to service and alertness to business needs, has nourished and developed an enormous industrial vitality, and whichever way the course of the future runs, the printer will always find himself able to adapt his helpfulness to new opportunity.
